**Letter of recommendation**

Koninklijke Nederlandse Hockey Bond / Royal Dutch Hockey Federation

Based on a successful trial period using the AXIWI® full duplex hands free referee communication system; we, the Royal Dutch Hockey Federation, have decided to equip all of our top class referees with the AXIWI communication system.

Due to this new AXIWI system the communication between the two field referees has improved considerably. The speed and correctness of the communication has improved and miscommunicating is over. The AXIWI communication system is user friendly and can be set up within a minute. It has a very sufficient, clear and loud sound.

The AXIWI communication system can be used for 8 hours and is easy rechargeable by a USB charger. It is very comfortable to use and wear.

With kind regards,

A handwritten signature in blue ink, appearing to be 'LR', is written over a faint horizontal line. The signature is stylized and cursive.
